

Welcome to Diamond Light Source

Attending an event

On arrival on site – Proceed along Fermi Avenue and follow the signs for Diamond Event Parking. If travelling by bus or Science Transit Shuttle, you can get off at the Bus Stop marked on the map. Proceed on foot to Reception at Main Gate to collect your Visitor Pass/sticker.

The Reception staff will direct you through to Diamond House.

On arrival at Diamond House – Arrive in the atrium and check in at the Registration desk on your right. Your hosts will direct you to where you need to go.

Attending a meeting

On arrival on site – Proceed along Fermi Avenue and pull up in the small parking area in front of Reception at Main Gate. Check in at Reception.

The Reception staff will issue you with your Visitor Pass and a parking permit and will direct you to Visitor Parking on site, and on to Diamond House from there.

On arrival at Diamond House – Arrive in the atrium and use the staff directory touchscreen and telephones on your left to contact your host. Please take a seat whilst you wait for your host to greet you.

WiFi access

WiFi access is available within Diamond House through the Diamond Visitor Network; no Network Key is required. Eduroam is available to visitors to the wider site.

Refreshments

Your event/meeting may include catering. In addition, there is a coffee room in Diamond House where you can purchase freshly brewed coffee using coins (between £1 and 5p). The onsite Restaurant is open to visitors and provides hot and cold meals over lunchtime as well as snacks and drinks throughout the day. There is a cash machine available.

Find out more about Diamond Light Source

Public open days

Have you ever wondered what the big silver doughnut looks like on the inside? Or wanted to know how scientists conduct their most high-tech research?

The Inside Diamond open days are an opportunity for the public to take a rare glimpse inside the UK's synchrotron. This unique experience is completely free, but registration is essential.

www.diamond.ac.uk/insidediamond

Workshops and conferences

A regular and varied programme of scientific and technical workshops and conferences for researchers runs throughout the year both on and offsite. More details and registration pages can be found on our website.

www.diamond.ac.uk/Events

Science magazine

Our popular science magazine Inside Diamond brings you research highlights and thought-provoking insights, showcasing the wonders that lie within the walls of the synchrotron. Pick up your copy in the Diamond atrium or visit our website to browse online.
